B&V Project 64888  
B&V File 41.0203  
April 11, 2001

Southern California Edison Company  
2244 Walnut Grove Avenue  
Rosemead, CA 91770

Attention: Mr. Ray Turner

Gentlemen:

Enclosed is one copy each of the following two drawings for the Chino Combined Cycle Power Project being developed by Delta Power Company.

Drawing 64888-0010-S1001

Site Arrangement

Drawing 64888-SK 001A

Single-line Diagram

We are finalizing the block diagram modeling data for the facility and will transmit to you electronically, with the hard copy to follow by courier tomorrow.

Please give me a call at (913) 458-2511, or call Mr. Mike Kelly at (913) 458-2566, if you have any questions.

Very truly yours,

BLACK & VEATCH CORPORATION
